

## Dry-Terminator removal Centri Sep

- CentriSep Columns
- CentriSep 8,96 well strips
- Reusable Deep-well wash plates for CentriSep 96

## BAC DNA Isolation Kits

- AMPHORA BAC DNA Mini-Prep
- AMPHORA BAC MaxiPrep-250
- PSI CLONE Mini BAC DNA Isolation Kit
- PSI CLONE Big BAC DNA Isolation Kit

## Fluorospin Labeling Kit

- Fluorospin 331
- Fluorospin 498
- Fluorospin 557
- Fluorospin 565
- Fluorospin 587
- Fluorospin 635

## Modified Proteinases Sequencing Grade

- Modified Trypsin
- Modified Pepsin
- Modified Chymotrypsin
- Modified Aspartic- N
- Modified arginine-C
- Modified Glutamic-C
- Modified Lysin-C

## Benzylmercaptotetrazole

- Hyacinth BMT Crystalline
- Hyacinth BMT Solution

## Fluorospin Dyes

331

498

587

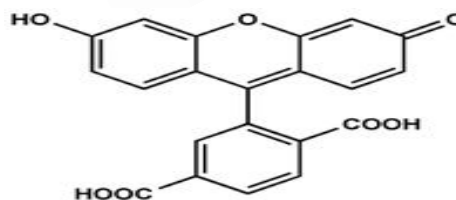

635

Now Bridge the Gap between Molecular Biology and Organic Chemistry by the Products of EMP Biotech, that too with 20% less Price.

Krishgen Biosystem is offering 20% discount on all EMP Biotech products.

\*Offer Valid till 31st March 2011'

## Gel Filtration Chromatography

- CentriPure P columns (for antibodies and Proteins)
- CentriPure N columns (for Oligos and nucleicacids)

## High Throughput DNA Purification

- Centri-Sep 96
- Reusable Deep-Well wash Plates for Centri-Sep96
- PSI Clone PCR 96-well Purification Kit

## Dyes and Haptens

- Fluorescent Dyes
- NHS- activated Molecules
- Phosphoramidites
- Guanosine-5'-thiophosphate

## Spin columns Gel-Filtration, Size Exclusion Chromatography

- Prospin columns
- Centri-Sep 8 well strips
- Centri Spin 10/20/40/ COMBOPAK

## Lab Supplies

- Molecular Sieves

## Plasmid DNA Isolation Kit

- AMPHORA Plasmid Mini-Prep
