

# KRISHGEN BioSystems

WE WELCOME THE OPPORTUNITY TO ASSIST YOU. IF YOU HAVE ANY QUESTIONS OR WOULD LIKE ADDITIONAL INFORMATION, PLEASE GIVE US A CALL AT - (022) - 23462080 / 23462085

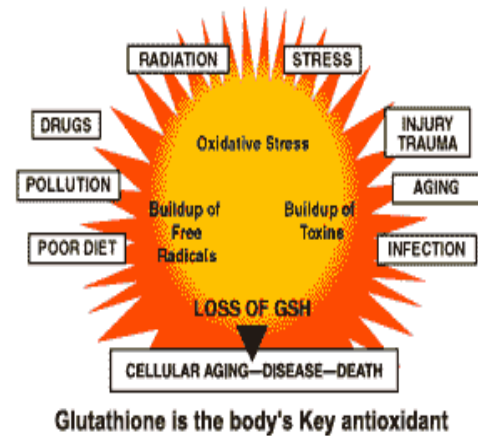

## Widest range of assays for oxidative stress

**Oxford Biomedical Research**  
Superior Science, Reliable Results.

We represent Percipio Biosciences Inc., USA who are world leaders for OXIDATIVE STRESS ASSAYS holding over 44 patents

worldwide. Oxford Biomedical Research Inc., USA with a wide portfolio of esoteric assays. Straightforward, reliable assays for oxidative stress biomarkers and for antioxidant capacity of biological fluids!

**Featured products include glutathione assays in microplate and cuvette formats; superoxide dismutase assay, total antioxidant potential assay, liquid microplate peroxidation assay, 8-dehydroxyguanosine (8-dOHG) assay and malondialdehyde (MDA) assay.**

*Antioxidant Assays:  
How do they compare?*

*See how our  
Total Antioxidant Power  
assay performs.*

These assays are available for all sample matrices and in microplate and spectro-

photometer readability (cuvettes) formats. With our eight years experience in supplying these assays to you, talk to us for better product support and competitive prices with quick delivery times.

**Percipio  
Biosciences**

For example, as your assay provider, we support you more on MDA assays which use third derivative spectroscopy for interpretation of the results for lower limits of detection. As exclusive authorized distributors for these products, talk to us for competitive rates and promotional offers.

WE HAVE THE WIDEST RANGE OF ASSAYS AND ANTIBODIES FOR OXIDATIVE / NITROSATIVE STRESS.
